RETIRED LICENSEES ARE EXEMPT FROM CCE CREDIT

Confusion still exists regarding exemption from CCE requirements. Many licensees think that the exemption applies as soon as they stop practicing. This is not true. As stated in Section 34-24-165(c) retired licensees are excused. Rule 190-X-2-.14 provides that “retired” licensees are exempt from meeting continuing education requirements only if they have a Retired license.

There are 2 requirements.

1. You must have a “Voluntary Retirement Affidavit” on file in the Board office
AND
2. You must maintain a current “Retired License” status & renew each year to the Retired status.

Licensees must meet both of these requirements in order to be exempt from continuing education requirements. If you are exempt from taking continuing education, you will use a “-R” behind your license number when you log in through Online Services on the Board’s Web site. Otherwise, 18 hours of continuing education must be completed by September 30, 2013, to have your license renewed to active status as of October 1, 2013.

SPECIAL RENEWAL ISSUE

Renewal Deadline:

September 30, 2013

You must go online to renew your license. It is quick, efficient, and paperless. Upon completion, you will receive a confirmation that you should print for your files. To avoid a late penalty, you must renew prior to the last day of September. If you procrastinate until the last day there can be a lot of users trying to log on to renew which will cause the system to be slow. Since the Board's telephone hours are from 8:00 a.m. to 4:00 p.m. there will be no staff available to assist you should you encounter a problem. Note: There is no weekend support of the online system.
