

January 2022
Volume 22, Issue 1

THE OFFICIAL NEWSLETTER OF THE ALABAMA STATE BOARD OF CHIROPRACTIC EXAMINERS

Presidential Message

I hope everyone has had a great year in 2020 and an even better 2021. We all continue to navigate through the changes the past two years have thrown our way. The board has had to adapt to ever changing issues that Covid has presented from meetings being moved to virtual to evaluating all of the challenges to continuing education classes being quickly converted to online versions. We continue to work with our National Board of Examiners and the Federation of Chiropractic Licensing Boards to handle all the challenges that Covid presents to licensing and Continuing Education renewal.

The board elections for Districts 2 and 3 were recently held and Dr. Neill continues to serve District 2 and I was re-elected to District 3 for the upcoming term. Dr. Neill will continue to serve on a yearly basis with his seat reposted for qualification yearly.

We are in the home stretch for renewal and I am happy to report we have had one of the largest on time renewal cycles ever. We continue to have a few licensees take continuing education that have not been approved for credit in Alabama. Please remember to check to make sure the class has been approved for Alabama credit prior to taking the class. If you fail to complete your renewal by December 31 please do not practice January 1 until you have completed your renewal to avoid any additional penalties.

Sincerely,

Brian Wells, DC
President ASBCE

2021-22 NON RENEW LIST

Please visit the website for a list of licensees who did not complete the renewal process. If your name is on the list please contact the Board immediately regarding Reinstatement of your license.

If you are on the list and continue to practice after January 1st you are practicing with a suspended license and are in violation of the Alabama Chiropractic Practice Act and the Chiropractic Rules and Regulations.
