

THE OFFICIAL NEWSLETTER OF THE ALABAMA STATE BOARD OF

July 2025
Volume 25, Issue 3

Presidential Message

Dear Colleagues,

As we reach the halfway point of 2025, I want to take a moment to commend each of you for your continued dedication to Chiropractic care and to the well-being of our communities throughout Alabama. Your commitment to excellence in patient care, professional development and ethical practice reflects the highest standards of our profession.

The Board remains focused on supporting you through ongoing updates, education and enforcement of the standards that protect both the public and practitioners. The recent ASCA convention was refreshing in the calmness and togetherness felt and presented. Thank you Dr. Burnley and team for a job well done. The engagement in continuing education continues to increase and is another reason the chiropractors of Alabama are the leaders to other states.

Presidential Message continues Page 2

Positive Notes

“Thank you so much for all your help. You guys are always so helpful.”

“Thank you and your staff for all that you do for us. Appreciate the update.”

ELECTION CHANGES STARTING IN AUGUST 2025

With the passage of HB84 the Board election process will slightly change. The Board will email a notice of the upcoming District 2 and 3 elections and the method of qualifying as a candidate to each active licensed chiropractor in District 2 and 3 - according to his or her permanent mailing address. Note: this is not your office address.

The Board will include what is required for a doctor to qualify to run as a Board Member and the deadline to qualify. Candidates qualify by submitting their name to the Executive Director of the board during the qualifying period. The Board will meet to qualify candidates and the ballots will be emailed to each doctor by the independent agency. The results of the election shall be certified by the independent agency. You will need to watch for the emailed ballot for your district and will need to check your spam to be sure you do not miss the emailed ballot. The Board will notify you the email address the ballot will be sent from and the date the email will be sent.

The candidate with a simple majority of the votes cast in District 2 and 3 shall be elected to the board position for that congressional district. In the event no candidate in District 2 and 3 receives a majority of the votes, the independent agency shall hold a run-off election.

Dr. LeRoy Otto Honored with Historic NBCE Lifetime Achievement Award

Greeley, CO. – — The National Board of Chiropractic Examiners (NBCE) proudly recognizes Dr. LeRoy Otto as the inaugural recipient of its Lifetime Achievement Award, an honor reserved for individuals whose unwavering dedication, visionary leadership, and lifelong commitment to excellence in chiropractic regulation have made a indelible impact on the profession.

Dr. Michael Todd Ellis, a devoted father, beloved son, and respected chiropractor of Guntersville, Alabama, passed away on Monday, March 31, 2025.

Dr. Ellis graduated from Life University and had dedicated over thirty years to chiropractic care in North Alabama.

Dr. Trilisa Ellen O'Quinn of Abbeville, Alabama passed away at home Tuesday morning, March 4, 2025.

Massage therapy led her to work for a chiropractor in Philadelphia. It was there that she decided to attend Life University. At Life University, she found joy in bringing chiropractic care to areas that needed it during week-long volunteer programs in Mexico and Jamaica. While at Life University, she received a Master's in Positive Psychology in 2016. Trilisa received her Doctor of Chiropractic in June 2020 from Life University. She was recognized on the President's List in June 2020. After graduation she worked briefly in Philadelphia but with Covid restrictions returned to Alabama and started Reconnect at the Lake.

HOW WILL NRII CHANGES EFFECT YOU AS A DC DOING DOT PHYSICALS AND IM- PROVE HIGHWAY SAFETY?

NRII improves the quality of driver medical certification information by replacing paper records with electronic records. FMCSA will now electronically transmit medical certification information from the National Registry to the SDLA. NRII also provides roadside inspectors and law enforcement officers with the most current medical certification information for these drivers. In addition, it eliminates the possibility of uncertified medical examiners issuing a Medical Examiner's Certificate, Form MCSA-5876, to CLP applicants and CDL holders as only certified medical examiners can report results of physical qualification examinations through the National Registry. As a result, NRII ensures drivers are medically certified to operate in interstate commerce, improving highway safety.
