Message from the President

By Renee Bowen, DC, CCSP

As we begin another season, I want to take a moment to simply say **thank you**.

Thank you to everyone who joined us in Huntsville for our recent seminar. We had a wonderful turnout, and it was encouraging to see so many of our doctors come together to learn, fellowship, and strengthen our profession. Your participation and commitment are what make these meetings successful.

A Quick Renewal Reminder

Please make sure you are taking care of your **license renewal requirements**.

Also, don't forget your **local business license**. Purchase your business license from your local courthouse for around **\$26.00**, then fax a copy to our State Board office.

Consider this your first step toward next year's renewal!

Taking care of these requirements now will help make your renewal process easier next year.

What We Do Matters

In the busyness of seeing patients, managing our practices, completing paperwork, and taking care of our families, it can be easy to lose sight of something very important:

What we do matters.

Every day, people walk through our doors and trust us with their care. Some are hurting. Some are discouraged. Some simply want to move better, feel better, and enjoy life more fully.

What a privilege it is to serve them.

Keep serving. Keep caring. Keep loving people. And keep providing excellent chiropractic care.

Our profession is strengthened not only by what we know, but by how we conduct ourselves. Integrity matters. Character matters. Kindness matters. And doing the right thing matters – even when no one is watching.

Do what is good and right, always and in all things.

A Season of Gratitude

As we move into fall and toward the Thanksgiving season, I hope each of us will slow down long enough to recognize the many blessings around us.

Be thankful for the profession we have been called to serve.

Be thankful for the patients who place their trust in us.

Be thankful for our families, our friends, our colleagues, and the communities that have supported our practices through the years.

And even when the road is difficult, look for something for which to be grateful.

In all things, give thanks.

Let us finish this year with grateful hearts, renewed purpose, and a commitment to leave our profession a little better than we found it.

Serve well.

Lead with integrity.

Care deeply.

Give generously.

And always remember – **what you do matters.**

May **God bless you and your families**, bless the patients entrusted to your care, and continue to shine **His grace and wisdom upon each of you.**

I am grateful for the opportunity to serve alongside you and thankful for each of you who works every day to make chiropractic stronger in Alabama.

Have a wonderful, safe, and blessed fall and Thanksgiving season!

God bless you more,

Renee Bowen, DC

Business License Requirements for License Renewal

Guidance for Alabama Chiropractic Licensees Regarding Business License Requirements. Under Alabama Law (Code) Section 40-12-138, all chiropractors engaged in the practice of chiropractic within the State of Alabama are required to obtain a **state business license**. This license is issued through the Alabama Department of Revenue and must be maintained in accordance with state taxation and occupational licensing laws.

Permit holders and licensees should be aware of the following:

- 1. State Business License Requirement**

Each chiropractor practicing in Alabama must purchase a business license as required under Title 40, Chapter 12, which governs occupational and professional licensing fees. Section 40-12-138 specifically identifies chiropractors and sets forth the applicable fee and conditions for compliance.

- 2. Annual Renewal**

Business licenses are typically issued on an annual basis. Licensees should monitor renewal periods closely to ensure uninterrupted compliance and avoid potential penalties.

- 3. Verification and Recordkeeping**

Chiropractors should retain proof of both state and local business licenses and be prepared to present documentation upon request by regulatory or tax authorities.

4. The **Alabama Board of Chiropractic Examiners is mandated by statute to collect and verify business-license compliance.** As part of its regulatory responsibilities, the Board must ensure that each licensee has satisfied all business-license obligations required under state law.
5. **Board Verification**
Because the Board is legally obligated to collect and verify proof of business licensing, licensees must be prepared to submit documentation upon request during renewal or audit processes.
6. The **Licensees Name** must be on the Business License **not** just the Clinic Name.

ELECTION Reminder for 2026-27

Just a reminder the Board election process changed last year. The Board mailed a notice of the upcoming District 5, 6 and AA – (African American) (minority) elections and the method of qualifying as a candidate to each active licensed chiropractor in District 5, 6 and AA (minority) - according to his or her permanent mailing address in August 2026. *Note: this is not your office address.*

The Board included what is required for a doctor to qualify to run as a Board Member and the deadline to qualify, 9/25/26. Candidates qualify by submitting their name to the Executive Director of the board during the qualifying period. The Board will meet to qualify candidates and the ballots will be emailed to each doctor with voting instructions and the ballot link for the independent agency. The results of the election shall be certified by the independent agency. You will need to watch for the email from the Executive Director with ballot link for your district and will need to check your spam to be sure you do not miss the ballot. Once you click the link you will need to log in with your license number and the last 4 digits of your SS#.

In 2025 we had very low numbers that voted. It is important that you take the time to vote for the person you feel will best represent your district and who will be committed to uphold the requirements set out in the Code and Rules for all licensees and Permit Holders.
